Docket No. 2007-235 C - Application of Time Warner Information Services (TWIS) for an Extension Time for Activation of Number Resources.

Mr. Terreni:

The Office of Regulatory Staff (ORS) has discussed the accompanying request with Time Warner Information Services (TWIS). The request for an extension of time for activation of the number resources was caused by a delay associated with the activation of interoffice trunking facilities. It is ORS's understanding that any issues related to interoffice trunking are now resolved. The Company feels that it will begin activating the number resources during August, 2007. After considering the information shared by TWIS, the ORS would support a ninety (90) day extension of time for the company to begin its use of the number resources.

Sincerely

James M. McDaniel
